### Principles

Catholic schools have a moral, legal and mission-driven responsibility to create nurturing school environments where children and young people are respected, their voices are heard, and they are safe and feel safe (CECV Commitment Statement to Child Safety).

The following principles underpin our commitment to child safety and wellbeing at Marymede Catholic College:

- All students deserve, as a fundamental right, safety and protection from all forms of abuse and neglect.
- Our school works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and wellbeing and protection.
- All students have the right to a thorough and systematic education in all aspects of personal safety, in partnership with their parents/guardians/carers.
- All adults in our school, including teaching and non-teaching staff, clergy, volunteers and contractors, have a responsibility to
  - care for children and young people
  - to positively promote their wellbeing
  - identify and mitigate risks related to child safety and wellbeing in the school environment
  - protect them from any kind of harm or abuse, and
  - encourage and support children to express their culture and enjoy their cultural rights.
- Our school is committed to equity and inclusion and recognising and respecting the diverse needs of all children.
- All adults in our school will take all reasonable measures to prevent child abuse and harm resulting from discrimination based on disability, race, ethnicity, religion, sex, intersex status, gender identity or sexual orientation.
- The policies, guidelines and codes of conduct for the care, wellbeing and protection of students are based on honest, respectful and trusting relationships between adults and children and young people.
- Policies and practices demonstrate compliance with legislative requirements and cooperation with the Church, governments, the police and human services agencies.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.
- Responses take into account the circumstances of the child, particularly if experiencing vulnerability or disadvantage, to ensure equity is upheld and the response is appropriate and culturally sensitive.
- Racism will not be tolerated in any form and any instances will be dealt with in accordance with the relevant Code of Conduct or policy.
- All members of the school community (including students and their families) are kept informed of child safety and wellbeing matters (where appropriate) and are involved in promoting child safety and wellbeing.
- Staff, clergy, volunteers, contractors, parents and students should feel free to raise concerns about child safety and wellbeing, knowing these will be taken seriously by school leadership.
- Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally (including under legislated information sharing schemes being Child Information Sharing Scheme (CISS) or Family Violence Information Sharing Scheme (FVISS)) or pastorally.

In demonstrating these principles, Marymede Catholic College strategies and decision-making will:

- take a preventative, proactive and participatory approach to child safety
- value and empower children to participate in decisions which affect their safety
- respect diversity in cultures and child rearing practices while keeping child safety paramount
- take steps to prevent discrimination such as training in cultural sensitivity

## Definitions

**Child** means a child or young person who is under the age of 18 years.

**Child abuse** includes:

- (a) any act committed against a child involving:
  - (i) a sexual offence
  - (ii) an offence under section 49B(2) of the *Crimes Act 1958* (grooming)
- (b) the infliction, on a child, of:
  - (i) physical violence
  - (ii) serious emotional or psychological harm
- (c) serious neglect of a child.

**Child safety** encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to suspicions, incidents, disclosures or allegations of child abuse (Ministerial Order No. 1359).

**Child neglect** includes a failure to provide the child with an adequate standard of nutrition, medical care, clothing, shelter or supervision to the extent that the health and physical development of the child is significantly impaired or placed at serious risk ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

**Child physical abuse** generally consists of any non-accidental infliction of physical violence on a child by any person ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

**Child sexual abuse** is when a person uses power or authority over a child to involve them in sexual activity. It can include a wide range of sexual activity and does not always involve physical contact or force ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

**Emotional child abuse** occurs when a child is repeatedly rejected, isolated or frightened by threats, or by witnessing family violence ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

**Grooming** is when a person engages in predatory conduct to prepare a child for sexual activity at a later date. It can include communication and/or attempting to befriend or establish a relationship or other emotional connection with the child or their parent/carer ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

**Mandatory reporting:** The legal requirement under the *Children, Youth and Families Act 2005* (Vic.) to protect children from harm relating to physical and sexual abuse. The Principal, registered teachers and early childhood teachers, school counsellors, religious clergy, medical practitioners and nurses at a school are mandatory reporters under this Act ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

**Reasonable belief – mandatory reporting:** When school staff are concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as forming a reasonable belief. A ‘reasonable belief’ or a ‘belief on reasonable grounds’ is not the same as having proof, but is more than mere rumour or speculation. A reasonable belief is formed if a reasonable person in the same position would have formed the belief on the same grounds ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

**Reasonable belief – reportable conduct scheme:** When a person has a reasonable belief that a worker/volunteer has committed reportable conduct or misconduct that may involve reportable conduct. A reasonable belief is more than suspicion and there must be some objective basis for the belief. It does not necessitate proof or require certainty.

NOTE: the difference between the reasonable belief definitions under mandatory reporting and the reportable conduct scheme is the category of persons who are required to, or can, form the reasonable belief which forms the basis for a report.

**Reportable conduct:** Five types of reportable conduct are listed in the *Child Wellbeing and Safety Act 2005* (Vic.) (as amended by the *Children Legislation Amendment (Reportable Conduct) Act 2017*). These include:

1. sexual offences (against, with or in the presence of a child)
2. sexual misconduct (against, with or in the presence of a child)
3. physical violence (against, with or in the presence of a child)
4. behaviour that is likely to cause significant emotional or psychological harm
5. significant neglect.

**School environment** means any of the following physical, online or virtual places used during or outside school hours:

- a campus of the school
- online or virtual school environments made available or authorized by Marymede Catholic College for use by a child or student (including email, intranet systems, software, applications, collaboration tools and online services)
- other locations provided by the school or through a third-part provider for a child or student to use including, but not limited to, locations used for school camps, approved homestay accommodation, delivery of education and training, sporting events, excursions, competitions and other events) (Ministerial Order No. 1359).

**School staff** means an individual working in a school environment who is:

- directly engaged or employed by a school governing authority
- a contracted service provider engaged by MACS (whether or not a body corporate or any other person is an intermediary) engaged to perform child-related work for Marymede Catholic College
- a minister of religion, a religious leader or an employee or officer of a religious body associated with MACS (Ministerial Order No. 1359).

**Volunteer** means a person who performs work without remuneration or reward for Marymede Catholic College in the school environment.

## Family engagement – strategies and actions

Marymede Catholic College ensures that families, carers and other members of the school community are informed about relevant child safety and wellbeing matters and are involved in the promotion of child safety and wellbeing at the school. We aim to ensure that:

- families participate in decisions relating to child safety and wellbeing which affect their child
- we engage and openly communicate with families, carers and other members of the school community about our child safe approach

- all members of the school community have access to information relating to child safety and wellbeing
- families, carers and other members of the school community have the opportunity to provide input into the development and review of the school's child safety and wellbeing policies and practices
- families, carers and other members of the school community are informed about the operations and governance of the school in relation to child safety and wellbeing.

*Include a statement that details the strategies and actions you will take to implement these family engagement obligations. Alternatively, you may develop a separate document that outlines these strategies and actions and provide a reference to that curriculum document here.*

## Risk management

At Marymede Catholic College, we are committed to proactively and systematically identifying and assessing risks to student safety across our whole school environment, and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor and annually review our risks and risk management strategies for child safety and wellbeing, evaluate the effectiveness of the implementation of our risk controls and ensure that the strategies change as needed and as new risks arise.

The Principal in conjunction with the College Leadership Team and the campus OHS representatives meet often to identify and manage risks. This also includes the Director of Marketing meeting with the School Principal prior to establishing any programs in the school community to establish the identification and management of risks to student safety. A dedicated administrative officer is allocated monitoring the status of WWCC of all staff, visitors, parent helpers and contractors.

Potential risks and management strategies may include;

- Familiarity breeding a culture of not reporting abuse
- Children alone with one other person unsupervised
- Recruitment of an inappropriate person
- Inappropriate behaviour not reported
- Harassment via email, SMS or other media
- Unsupervised recreational or other activities
- Ad-hoc contractors on the premises (eg maintenance)
- Unknown people and environments at excursions and camps
- Cultural safety is not embedded in the school community
- Students do not feel their diverse needs are respected and equity upheld
- Complaints processes are not easily accessed by students

Risk Management Strategies

- Implement an effective child safety risk management strategy
- Child Safety Code of Conduct
- Child safety reporting procedures
- Induction for all visitors, staff, volunteers and contractors
- Train students and staff to detect inappropriate behaviour
- Counselling and other resources
- Assessment of new or changed physical environments for child safety risks
- Supervision or monitoring of activities
- Performance management procedures
- Pre-employment record checks that include checking for child safety
- Criminal history checks and confirming currency of WWCC/VIT registration

As part of our commitment to mitigating risks, Marymede Catholic College conducts a Child Safety Risk Assessment. Possible child safety concerns will be listed as well as the procedures in place to address the concerns. Please see the Marymede Catholic College Risk Register.

The risk assessment will be reviewed by the Child Safety and Wellbeing Team. Actioned items will be recorded and new risks identified.

  2. **Failure to protect offence**: This offence will apply where there is a substantial risk that a child under the age of 16 under the care, supervision or authority of a relevant organisation will become a victim of a sexual offence committed by an adult associated with that organisation. A person in a position of authority in the organisation will commit the offence if they know of the risk of abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.
